

Entrance Counseling

Entrance counseling helps students understand the rights and responsibilities of their Federal Direct Stafford student loans before they incur the loan debt. The counseling covers repayment options, what happens if one defaults on his/her loan, and sample repayment schedules.

Entrance counseling can be completed online at <https://studentaid.gov/>.

Note that Dominican University cannot credit a student's account with Federal Direct Stafford student loan proceeds until after he/she has completed entrance loan counseling as well as the loan agreement (master promissory note).
